

United Way of Brevard

# GIVE TODAY

CHANGE SOMEONE'S TOMORROW

# The Heart of Our Community

No other single organization meets the broad range of needs addressed by United Way.

We create lasting change by mobilizing resources which fosters collaboration between nonprofits, local government and the local business community to address the critical needs of individuals and families.

**Your support is essential to help those in need in Brevard.**

In 2022, your generosity helped so many individuals and families in Brevard.

**Thank you for helping us raise \$5,130,000**

Every ONE dollar donated brings an average of THREE matching dollars into our community - that's an

**\$18,048,036 IMPACT!**

## Financial Stability

Affordable housing. Financial illiteracy. Homelessness. In our community, individuals and families are facing financial obstacles that prevent a quality of life. We fight for every person on a path toward financial empowerment. That starts with access to services and meaningful programs. Through mentoring, financial workshops, providing individuals with job-skills training and securing housing for struggling families, we are helping people get back on their feet.

## Education

Success in life begins with a quality education. Yet millions of children lack the support they need to strengthen their literacy, stay on track in school, graduate high school and find a career. We're shifting the odds so tomorrow's leaders can build a better foundation. With an approach to education that spans from cradle to career, we ensure children get strong starts in life, assist teenagers with the tools to learn and grow, and enable young adults to thrive in the job market.

## Health

When it comes to accessing health services, a person's zip code should never be a deterrent to success, nor should it be a barrier to improved health. For many, it is a daily reality. By teaching individuals and families to make healthy choices—physical or mental, or by providing paths to access affordable health insurance, quality health care and nutritious food, we continue to fight to help everyone get and stay healthy.

United Way of Brevard

## Our Community Care Fund Helps Support 44 Partner Agencies

At the heart of United Way's work is providing services that stabilize those who are vulnerable and unable to meet their most basic needs. The safety net includes everything from food and shelter to quality childcare and help escaping domestic violence. We know that before families can even think about the future, they must be able to meet their basic needs.

## Additional Impact Areas

Mission United connects veterans, military and active duty members or family members with a caseworker who can help with emergency assistance, financial management, legal assistance with discharge and disability upgrades and other community resources.

United Way will invest in organizations, networks and programs that spark dialogue and action to improve equity in Brevard. United Way has been leading efforts by conducting Equity Forums in Education, Health, and Social Justice. These forums are a coordinated series of discussions with community leaders that start with local data and allow open conversations. The objective is to identify priority areas where we as a community can improve equity and inclusion.

## How does United Way determine which programs are vital to supporting our community's needs?

When you give to the Community Care Fund nearly 75 volunteers spend over 1,000 hours to help determine how to meet a broad array of needs supported by both our Safety Net Services and Targeted Care.

The allocations process is an annual certification designed to give donors peace of mind that their money is being put to the best possible use in Brevard. Programs that comply with these standards have provided documentation that they meet standards in governance, operations and support to the community.

# Safety Net Services

**431,094**  
basic needs units of service, such as food, clothing, shelter or protection from abuse were provided, ensuring our neighbors can overcome immediate challenges.
